

## Never and Ever and Ponies and Snow

I believe in me, in all that I know  
The things that my heart has told me so  
My crooked smile and stubborn ways  
Will be only mine for all of these days  
I'll not fear change, nor fret defeat  
Never say never nor ever retreat  
The more you say can't, I do and I will  
I don't like to run, but never stand still  
I believe I can fly, I can dream, I can be  
Anything, everything, I'll ever need be  
Never say never nor ever say die  
Keep your feet on the ground and your dreams in the Sky  
Forever is now and always is here  
Maybe's not maybe what I want to hear  
Tomorrow is new and Yesterday's past  
Now is enough if you make Today last

If chances were raindrops, I'd play in the rain  
And welcome the storm clouds whenever they came  
If Luck were a pony, on his back I would ride  
Through the snow in the hills to the wild oceanside  
And if dreams grew like apples from blossoms on trees  
I'd pick all of mine and do what I please

And when I awake from chances and dreams  
Next to my horse Lucky beneath apple trees  
I'll smile at the sun and swear to the Sky  
I'll never say never and never say die  
Forever is always and now that I'm here  
There's nothing to worry and nothing I fear  
Time is my friend, and nothing's my foe  
And I will be happy wherever I go  
I believe in myself and all that I know  
And in raindrops and apples and ponies and snow
